Dear Xenofon,

Grant of Extension to Scope for:

Standard: ISO/IEC 17065:2012
Project Number: 301115-01
Name: Extension to Scope - IFS Broker Version 3.1

Following our recent assessment, we are pleased to inform you that all improvement actions raised requiring evidence to be submitted to UKAS are now satisfactorily cleared and that your extension to scope has been granted. Any outstanding invoices for clearance of improvement actions will follow.

Your revised schedule of accreditation will shortly be available from our website www.ukas.com. Please contact your Customer Liaison Officer in the event of any difficulty in downloading the schedule.

If you want to extend your scope in the future, please contact us to discuss your application and the timeframes that you need to obtain accreditation because the extension to scope process can often take several months to complete. You are reminded that you are required to inform UKAS of any changes that may affect your accreditation or compliance with the accreditation requirements.

Yours sincerely,

Marta Vaquero
