

AGRICULTURAL DIVISION

On EUROCERT Agricultural Division we work to certify standards through the following topics:

- 1. GLOBALG.A.P. IFA (CROPS)** covers good agricultural practices (G.A.P.) for agriculture, aquaculture, livestock, and horticulture production.
 - **Fruit & Vegetables**
 - **Flowers & Ornamentals**
 - **Combinable Crops**
 - **Plant Propagation Material - Best Practices for Nurseries (PPM)**
- 2. GRASP Committed to Workers' Health, Safety, and Welfare:** Risk Assessment on Social Practice. It is a voluntary, ready-to-use module developed to assess social practices on the farm, such as specific aspects of workers' health, safety, and welfare.
- 3. Tesco NURTURE Module:** Add-On NURTURE Module for Tesco Super markets
- 4. SPRING - Sustainable Program for Irrigation and Groundwater Use:** is a farm-level add-on which helps producers, retailers, and traders demonstrate their commitment to sustainable water management and can be implemented together with the GLOBALG.A.P. IFA standard for Crops.
- 5. GLOBALG.A.P. Farm Sustainability Assessment (GGFSA) Version 2.1 (Sustainable Agriculture Initiative).** builds on the GLOBALG.A.P. standards for crops and combines all sustainability requirements of the FSA in one compact and assessable standard
- 6. AH-DLL GROW Add-on** developed in cooperation with retailers Albert Heijn (AH) and Delhaize (DLL) and assesses producers' risk management with respect to hygiene, pesticide residues, and foreign bodies.
- 7. GLOBALG.A.P. Chain of Custody Standard (CoC):** an essential certificate for all producers and retailers handling GLOBALG.A.P. certified products. It ensures that any product bearing a GLOBALG.A.P. label or sold as a GLOBALG.A.P. certified product is sourced from GLOBALG.A.P. certified farms.
